In-Production Photo Report for

Newton Fire Department, IA

Job# 41035

Status as of November 13, 2026

In this report your cab and pump house were merged with the frame, the torque box began initial assembly, the turntable module began the paint process, and the body completed initial assembly. In the next report, the torque box may be installed, the turntable module may continue through paint, and the body may remain staged for installation.

Due to Thanksgiving holiday break, your next report is scheduled for week ending December 05, 2026.
