6 GPM HIGH PRESSURE JEEP MOUNT - ENGINE DRIVE

While others talk about high pressure foam / water systems...

EJ Metals has perfected high-performance high pressure systems with exclusive technology and design features to make you more effective at fighting fires. EJ Metals' systems are designed for today's fire response environment and allow you to attack vehicle, brush / wildland, jet fuel and even some structural fires with a variety of water / foam streams more effectively than ever before.

EJ Metals is the leader in high pressure foam / water systems. Our high pressure water / foam systems deliver longer run times - use less water and foam concentrate than traditional systems. Only EJ Metals offers an exclusive high pressure pump configuration specifically designed for firefighting. Our Patented EJM TRI-PLEX, triple discharge, high pressure water / foam nozzle is easy to use, lets you select THREE different streams, and delivers exceptional foam quality for better knock-down and suppression performance.

HIGH PRESSURE PUMP

A triplex plunger high pressure ceramic lined pump will be provided.

- 6 gallons per minute at 1,800 PSI
- Die cast aluminum crankcase
- Stainless steel valves and seats
- Chrome-moly crankshaft
- Oversized bearings
- Brass inlet manifold
- Stainless steel discharge manifold
- Specially formulated high pressure seals

OPERATOR CONTROL PANEL

The operators control panel will face the rear of the vehicle.

- On / Off - Foam Agent Valve
- Tank to Pump Valve
- Water Tank Drain
- Regulating Un-Loader
- Foam Agent Jug Rack with Tie Strap
- Hose Reel Re-wind Switch

PUMP ENGINE

- 13-Horse Power @ 3600 RPM
- Air-Cooled, 4-Stroke, OHV, Single Cylinder
- Electric Start with manual recoil back-up
- Commercial Grade
- Digital CDI Ignition
- EPA/CARB Compliant
- 3-Year Commercial Warranty
