

# Photo Album for City of Waukesha Fire Department, WI Job 34502 June 26, 2020

Your new Pierce apparatus is now in production. This week your cab and body began the fabrication process. In your next report, you may see that your cab has completed this process and was placed in queue to begin the paint process while your body may continue the fabrication process.

**Due to the annual Pierce plant summer shut down, your next scheduled report will be week ending July 11, 2020.**

**Thank you - Have a very safe, healthy, & happy Independence Day week!**
