

The background of the slide is a faded, semi-transparent image of a fire scene. On the left, a firefighter in full gear is visible, holding a hose. In the center, another firefighter is wearing a helmet with the number '42'. On the right, a red fire truck is partially visible with the words 'FIRE RESCUE' on its side. In the bottom right corner, there is a bright, glowing fire. The overall scene is dimly lit, with the text overlaid in a clear, bold, black font.

Photo Album for West Bend Fire Department, WI Job 35391 April 16, 2021

In this report your cab started assembly, the frame build began, the front body module is having the manifold installed, the torque box is staged, and the body is released to paint. In your next report your cab and frame build assembly may continue while the forward body module is staged, the torque box is staged, and the body makes progress in paint.
